

FLOOR & CARPET SWEEPER

CARE AND USAGE INSTRUCTIONS

ALL MODELS

TO ASSEMBLE HANDLE

Ensure the large diameter section is at the top and the section with the hole is at the bottom. Screw the three sections together tightly before assembly to the sweeper.

TO FIX THE HANDLE TO SWEEPER

Model Evolution 3: Screw the handle into the pivot arm of the sweeper.

Model Handy/ Speedsweep: Depress button (Fig. 2) on the sweeper, slide handle over until the button locates into the hole in the bottom section of the handle.

For Handy/
Speedsweep

Your Ewbank Sweeper should give years of satisfactory service and any defects due to faulty materials or workmanship will be replaced or serviced. This does not cover defects arising from abuse or normal wear and tear. You should retain your receipt as proof of date of purchase. Your statutory rights are not affected by this guarantee.

As part of our continuous product development programme, Ewbank reserve the right to change the specification described at any time.

MODEL: HANDY/ SPEEDSWEEP

EMPTYING Empty your sweeper regularly to ensure maximum efficiency. To empty, hold pans upright over bin and press edges to open front pan. Tip forwards to empty. Repeat with other pan.

CLEANING The handle will drop into a horizontal position so your sweeper can easily clean under furniture.

TO CLEAN: Comb the brush through occasionally to free fluff and cottons for maximum efficiency. Wipe body case over with a damp cloth.

MODEL: EVOLUTION 3

EMPTYING Empty your sweeper regularly to ensure maximum efficiency. To empty, hold over bin, tip front downwards, lift the lever located on the top of the case, empty by tipping dustpan forward. Tip backwards to empty rear dustpan and release lever to close.

CLEANING The handle will drop into a horizontal position so your sweeper can easily clean under furniture.

TO CLEAN: Comb the brush through occasionally to free fluff and cottons for maximum efficiency. Wipe body case over with a damp cloth.
